New Speaker Makes Inaugural Address

REPRESENTATIVE NICHOLAS LONGWORTH, Ohio, newly elected speaker of the house, is shown making his inaugural address at the opening of the sixty-ninth session of the U. S. congress.

KENNEDY DECLARED ELECTED

The recount of the Peace River riding election ballots, which has been going on at the court house under the direction of Judge Mahaffy of Red Deer, came to a conclusion this morning when the Hon. Mr. Kennedy was declared the victor.

Mr. Kennedy, Progressive candidate, elected by a majority of 17 over James A. Collins, Conservative.

His Honor found no evidence of fraud on the part of those in charge of the poll at Barrhead, although scarcely any regulations had been left unbroken, and there had been carelessness in filling out the election papers.

The final standing of the candidates was:

D. M. Kennedy, Progressive, 3,984.

J. A. Collins, Conservative, 3,969.

W. A. Rae, Liberal, 3,944.

U.F.O. AND GROWERS MERGER CONJECTURE

RAKATON, Dec. 18.—The proposed merger of the Farmers Union of Canada and the Canadian Grain Growers is still largely a matter of conjecture.

The question was thoroughly thrashed out from every angle at the directors' meeting of the Farmers Union, which was concluded here Wednesday, but no progress was made.

LATEST DRIVE FOR SETTLERS PLEASES PRESS

Canada's Offices in London Already Flooded With Inquiries

Special Bulletin Cable

LONDON, Dec. 18.—The new rate of passage for emigrants to Canada already is resulting in a flood of inquiries at Canada House and the offices of the Canadian Pacific and Canadian National Railways.

The British press welcomes the indication that Canada is beginning a fresh drive for settlers, while officials at Australia House are somewhat perturbed, fearing that the new rate will cut into the business of the latter.

The present has had all the advantage owing to the low rates they obtained.

Scientists Will Hold Inquest to Determine Longevity of the Sun

WASHINGTON, Dec. 18.—A scientific inquest, from which may come a more accurate knowledge of how much longer the sun will continue to serve humanity, will be performed in Baltimore next month.

Dr. W. W. Coblentz, of the United States bureau of standards, Dr. C. G. Abbot, of Smithsonian Institution, and other scientists are in the district, preparing to study the solar eclipse in January.

WASHINGTON LEADERSHIP IS RESENTED

Powers Won't Accept U. S. Initiative in Naval Disarmament Problem

Special Bulletin Cable—Copyright

LONDON, Dec. 18.—With a diplomatic sense important details have been learned concerning the secret debates of Geneva in the Council of the League of Nations and the subcommittee of the council on the proposed disarmament conference.

When the problem was brought up several times in the council and the subcommittee to discuss naval and land disarmament, with a view to permitting the attitude of the League of Nations and the subcommittee of the council on the proposed disarmament conference.

These three powers, judging from the attitude of their delegates, are not inclined to accept the initiative of the League of Nations in making a disarmament conference of any kind that would not be a League of Nations conference.

Another German source, heard from the same source as that of the British, suggested in the council that the League of Nations should be the one to initiate a disarmament conference.

Ether Filled With Perpetual Remnants to Replace World In a Billion Years---Lodge

Special Bulletin Cable—Copyright

LONDON, Dec. 18.—An awe-inspiring picture of the possible end of the universe was drawn by Sir Oliver Lodge, famous physicist, during the course of an address here.

The end of the world will come, but it is several thousand millions of years off, Sir Oliver believes.

It would mean, Sir Oliver said, "as if the universe as a going concern must have a beginning and must have an end. The beginning of the world was the formation of nebulae 200,000,000,000,000 years ago, and this date is no mere guess."

The end will apparently be the disappearance of matter and the existence once more of an ether filled with perpetual remnants of radiation travelling out towards infinity with the speed of light at a date incomparably remote."

"SPY CATCHER" TO FIGHT THE CASE

Rumor He Had Fled the Country Proves to Be Groundless

Special Bulletin Cable—Copyright

LONDON, Dec. 18.—Sir Basil Thomson, wartime head of the British secret service, who is accused of misconduct with an attractive young woman, Thelma de Laval, in Hyde Park, proposed to fight the charge. Already his case has almost monopolized gossip in society and London clubs.

Wednesday night's rumor that Sir Basil had fled the country proved false. It arose from the fact that he could not be found, but this was explained on his behalf Thursday by a statement that he had been taken out of the country by a friend.

It was said that he had been taken out of the country by a friend.

MOSUL AWARD CREATES NEAR GOVT. CRISIS

Premier Baldwin Will Face House With Turb Menace Serious

BEAVERBROOK CLAIMS NATION IS DECEIVED

British Mandate in Irak Declared a Waste of Taxpayers' Money

Special Bulletin Cable

LONDON, Dec. 18.—Revealing that the award of Mosul to Iraq, under a British mandate, has created a serious danger of war with Turkey, the British government has decided to postpone the award until the situation is more definite.

The situation is doubly delicate because of the possibility of trouble with the Turks over the award and the opposition to the extension of the mandate, which has been in the hands of common and the British.

Lord Balfour, British Foreign Secretary, has been asked to resign, which would mean a long war against the British mandate in Iraq.

The situation is doubly delicate because of the possibility of trouble with the Turks over the award and the opposition to the extension of the mandate, which has been in the hands of common and the British.

Direct from Japan, 10,000 Yds. First Choice Colored FUJI SILK

65c

We believe this to be a record for one shipment of Fuji Silk for the city of Edmonton. Direct from Japan to H.B.C. Silk Shop for our Christmas trade. Only after considerable efforts on our part was this shipment secured on time. The mills were forced to work at capacity and much cabling back and forth was required to hurry the shipment across the Pacific, across the Rockies and the prairies to Edmonton. In the meantime, Japanese exchange had gone up 10 per cent. This means that the same Fuji today would cost us the more on the dollar to buy. By having such a large supply direct from the mills, we were able to keep down the price to the smallest possible point. Every woman who knows the wonderful satisfaction that Fuji silk gives in wear and good looks, will want to secure a goodly supply now. Never has there been a better opportunity. Every wanted colour! Last shipment before the Christmas holidays. Get your order in early.

Raging Elements Brood Over Atlantic; Yesteryear on the Ottawa

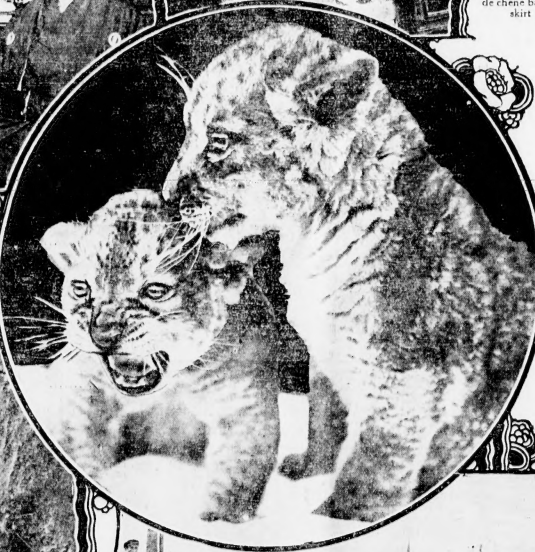

ALL-AMERICAN GRIDDERS—Some of the chosen few in United States football for 1925 with their certificates. Left to right: Tad Jones, Yale coach, and one of the judges: Carl H. Diehl, Dartmouth, tackle; Ed Weir, Nebraska, tackle; Andrew Oberlander, Dartmouth, halfback; Ben Osterbaum, Michigan, end; H. C. Stuebahn, Yale, guard; and Benjamin Friedman, Michigan, quarterback. Others who received certificates were: Chase, Pittsburg, guard; Born, Army, end; Nevers, Stanford, fullback; Wilson, Washington, halfback; and McMillan, Princeton, centre.

WHEN GAY PAREE IS REALLY GAY—The occasion of St. Catherine's Day, held recently, is a time when the girls of the couturiers' shops along the Rue de la Paix and elsewhere frolic about the streets in picturesque costumes in honor of the midwinter's patron saint. What secret Lucienne Rose (in white) elected by girl students as the Mimi Finson has for the Cathedrines is not told.

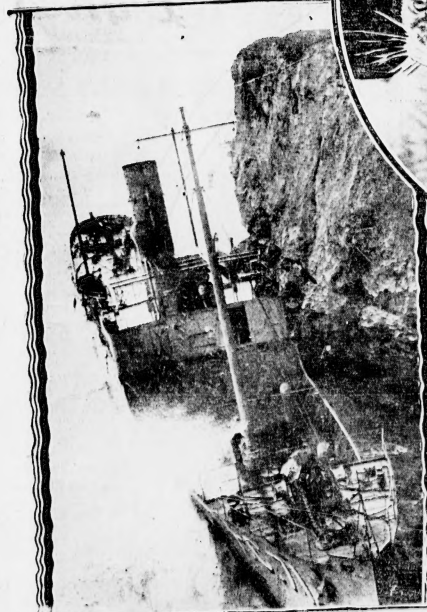

ASSASSIN'S PLOT—Members of the Black Dragon Society who are being tried in the plot to assassinate Premier Kato and to blow up the Japanese Diet building. Ryoko Uchida (extreme right), president of the society, is not shackled because of his station in life. The others are: Omomichi, Sato and Tanaka.

"WHO SAID FIGHT?"—Nelly and Kelly, six weeks old lion cubs of the noted lion farm at El Monte, Calif., shown in characteristic pose. Nelly, the female of the pair, appears to run true to form in that she seems to be "more deadly than the male."

SYLPH OF THE ICE—Miss Gladys Lamb, of the noted skating team of Baple and Lamb, whose Christmas engagement at the New Madison Square Gardens, New York, is expected to be a sensation. With her noted partner, one of the world's most versatile skaters, she appeared at the Toronto Skating Club's carnival a few years ago.

ELEMENTS—The wreck of one of the British "Mystery Ships," which served to good purpose during the war, on the rocks off South Shields, England, after one of the series of storms which, during the past few weeks, have been making life miserable for mariners. Prior to the mishap, the vessel was serving as a merchantman.

A PHOTO FROM THE PAST—Years ago a gala event on the Ottawa river was to ride on a sectional raft, made from the big squared timbers of the lumber rafts from the upper river. The raft shown here was put on one floated down to the Booth mills some 18 years ago. At the mills it was divided into sections to pass through the slides, and in the very shadow of the Parliament Buildings, it was put together again, and in this instance continued on its way to eventually reach Quebec.

AIR CHIEF TO IRAK—Sir John Salmond, British air vice-admiral, is now flying to the Mosul area and back to investigate the only rift in the Locarno pact—trouble with Turkey. He is accompanied by his wife.

World's Heavyweight Boxing Champion May Retire

JACK DEMPSEY DOUBTS WHETHER HE WILL MEET HARRY WILLS NEXT FALL

Champion's Legal Adviser Issues Statement After a Secret Three-Days' Conference Is Held in Los Angeles—Many Still Think That Bout Will Be Held

FANS DO NOT WANT DEMPSEY TO RETIRE AND LEAVE CROWN EMPTY, LIKE LEONARD

Rumors Going Rounds That He is Not in Shape but These Statements Are Not Given any Credit by Close Followers of Champion—Claim He is Working Out

Exclusive to Bulletin
LOS ANGELES, Dec. 18.—Negotiations for a match between Harry Wills, 240-pound world heavyweight, and Jack Dempsey, world champion, that division, have been progressing favorably to the point that the proceedings occurred today.

Jack Dempsey claims he will retire as heavyweight champion of the world early next year unless he wins defense for the Wills fight next fall.

HELD CONFERENCE LASTING THREE DAYS

That was the information on the Dempsey situation given today by the legal adviser, who says the fight was apparently pending to meeting between the "Brown Bomber" and his opponent, Harry Wills, has been held at different times that certain interests were trying to take the bout out of the hands of the champion.

And when Dempsey gave evidence of the matter, he was told that the fight was not going to be held, but that it was being held at different times that certain interests were trying to take the bout out of the hands of the champion.

But apparently it is not so. Just what the conference was all about was not made known. It is said that the fight was held at different times that certain interests were trying to take the bout out of the hands of the champion.

Some Will Doubt
There is still some who are of the opinion that Dempsey is not able to lead Wills. The fight, they say, will be held at different times that certain interests were trying to take the bout out of the hands of the champion.

May Surprise
Due to the fact that Dempsey is not able to lead Wills, the fight, they say, will be held at different times that certain interests were trying to take the bout out of the hands of the champion.

Here is His Record
Of his record, Jack Dempsey has had thirty-one fights, of which he has won twenty-one, lost two, and drawn one.

CALGARY-VANCOUVER GAME FOR REGINA

There is no indication that the ice at the local arena will be ready for the game between the Tigers and Vancouver Maroons. The game in question was scheduled for Saturday evening last.

After a conference with the directors of the two teams, it was decided that the game at Regina, Sask., in the Capital City, was postponed for a battle of the professional arena and they are now having their desire, filled.

LEHMAN STARS WHEN SHEIKS ARE DEFEATED

Vancouver is Outplayed All the Way, But Sheiks Unable to Beat Goalie

SARASOTON, Dec. 18.—Mark Lehmans, Vancouver Maroons, defeated the Sheiks of the Vancouver Maroons, 4-2, in a game played at the local arena. The game was a very close one, but Lehmans was the star of the game, scoring three goals.

TEAM HAS BEEN OUT TO PRACTICE AND IS RAPIDLY GETTING INTO SHAPE

Two New Men Are Expected Shortly—Nothing Definite to the Time of Their Arrival Has Been Given Out—Large Crowd Is Expected at Game

Frank Patrick and his Vancouver Maroons will visit this city tomorrow evening for their scheduled Western Canada League fixture with the Eskimos at the arena.

They will be welcomed. It is almost certain that the Maroons were going to have a strenuous week of it, but with the possibility of the Eskimo-Team game the chances of victory on Saturday look bright.

VISITING TEAM CAN EXPECT AN ARGUMENT

In any event Mr. Patrick and his team can expect a battle. The Eskimos of this city are among the best in the Western Canada League. They will be in the arena for a few days that they will most likely be handicapped owing to the fact that they have been out of the game for some time. Any team that faces the Eskimos is likely to have a rude awakening.

On You "H"

It is difficult to know what will happen if the "H" team is defeated. There were many fans present who expected the Eskimos to win. There were many fans present who expected the Eskimos to win. There were many fans present who expected the Eskimos to win.

SHARP RALLY, THEN SLUMP, AS SHORTS COVER

NEW YORK, Dec. 17.—Mixed movements were prominent and the close was a temporary decline in part because of the dominating influence of the London corn futures announcement which overhauled many of the highest quotations. The rally in the wheat market was sharp only in the afternoon, but this failed to result in the restoration of heavy offerings. Bulls and shorts continued the struggle for supremacy in the wheat market. The latter, in the last hour, were chiefly influenced by reports of declining production in Russia. There is no concrete evidence at present of anything but a temporary decline in the wheat market. The London corn futures announcement has run its course as far as the wheat market is concerned.

LAND VALUES HERE RISING

Land values in the Edmonton district are rising rapidly. The first sale of land in the district was made by H. A. Craig, who sold 157 acres of land for \$100,000. The sale was made to the Alberta Land Development Co., which is a subsidiary of the Canadian National Bank. The land is situated in the Edmonton district and is being developed for agricultural purposes. The sale was the largest ever made in the district and indicates a strong confidence in the future of the district.

CATTLE SALES SHOW INCREASE DURING 1923

Expansion of Trade With United Kingdom Is Most Encouraging

OTTAWA, Dec. 17.—A remarkable increase in the sale of Canadian cattle to the United Kingdom during the present year and a further expansion of trade through the Imperial cattle market, made an encouraging statement on the 1923 season was this afternoon by the Canadian Department of Agriculture. Up to December 15, 1923, the export of Canadian cattle to the United Kingdom was valued at over 10 per cent more than the same period of 1922. Plane Takes Off From Dirigible

For the first time in history an airplane was launched from a dirigible. The test was almost successfully completed by Lieutenant Le May of England. In the upper picture he is seen getting into the cockpit of his H.I.I.-5 monoplane which was attached to the R-22. In the lower picture his plane can be seen leaving about the big ship. He succeeded in attaching the plane to the dirigible again. The new and proper of monoplane were damaged in the test, which took place 200 feet above Puffin, England.
